

## CQ Simple's Nimbus Platform Meeting the Needs of Today's Service Industries

 <p><b>Appointment Reminders</b> – The Nimbus can call your upcoming customers allowing them to confirm or reschedule.</p>	 <p><b>Voicemail to Email</b> will keep you aware of any important VM you received while on a service call.</p>
 <p><b>NimbusDashboard</b> can let your office professional transfer calls with a click of a button, saving time and money.</p>	 <p><b>Cellphone Integration</b> can turn your cellphone into an extension on the Nimbus, keeping your number private.</p>
 <p><b>Time Schedules</b> – Each tech can have their calls routed automatically according to their shift.</p>	 <p><b>Emergency Notification</b> can call the off hours tech, alerting them to an emergency call or VM from a customer.</p>
 <p><b>Call Recording</b> allows for programmed and on demand recording of any phone call. Just in case a dispute arises later.</p>	 <p><b>Find Me – Follow Me</b> can route calls from your office phone to your cellphone when you are out of the office.</p>
